

STOP WASTING FUEL AND REDUCE YOUR CARBON FOOTPRINT

Go Green And Save Money Doing It

Fuel Stick is a complex blend of highly refined renewable organic chemicals based on palm oil, designed specifically to blend with gasoline, diesel, bio-fuel and 2 stroke mix. Fuel Stick is a 2 in 1 fuel conditioner that will improve fuel combustion, increase power and performance, clean, lubricate and protect the fuel system, and reduce harmful emissions, saving you money, using less fuel, and reducing your carbon footprint.

- ⇒ Save up to 20% on fuel costs
- ⇒ Reduce emissions up to 80%
- ⇒ Increase horsepower and torque
- ⇒ Burn fuel more efficiently
- ⇒ Extended engine and oil life
- ⇒ 100% Safe for all engines
- ⇒ 100% Active ingredients
- ⇒ 100% Bio-Degradable
- ⇒ 100% Non Toxic
- ⇒ 100% Guaranteed

Fuel Stick Works Every Time!
